Dear Whitney:

Thank you for sharing your ideas with Governor Musgrove during this month's "One-on-One with the Governor." Your magazine recycling program is very innovative. I have enclosed 25 copies of our office's educational booklet for students for you to share with your classmates. I am also enclosing a picture of your visit with Governor Musgrove.

Again, thank you for visiting with Governor Musgrove and good luck in your endeavors!

Very truly yours,

Kelly Riley
